

# Celebrating Participation in Bikeability

## A Perfect Opportunity

St Breock Primary school is situated in the town of Wadebridge, Cornwall. The school motto is 'Learning, Love and Laughter' which the school seeks to develop in all pupils to enable them to reach their full potential. Health and wellbeing is of utmost importance throughout the school.

### **Bikeability at St. Breock**

St. Breock Primary School delivers Bikeability levels 1 & 2 and has been involved in the programme since its inception 15 years ago. They have provided Bikeability for over 120 pupils in the last 2 years alone.

### **Celebrating Bikeability - What they do and why they do it.**

- Personal development of pupils is key in the school and pupils have their own personal development curriculum. Bikeability forms a part of this and celebrating pupils' participation and achievement in Bikeability enables the school to recognise and commend both pupil's efforts and achievements, supporting their own personal development.
- Celebrating Bikeability is an annual event at St Breock. They present certificates at the end of course so pupils can celebrate on the day with their peers.
- The whole school recognise the achievement and celebrate together when they invite the Bikeability training provider to present the certificates. This helps to reinforce the partnership working that is integral in the school.
- Pupils' names and images are displayed on the school notice board which the pupils love to see.
- Bikeability participation is shared via the school newsletter, on the school website and through the schools social media accounts..

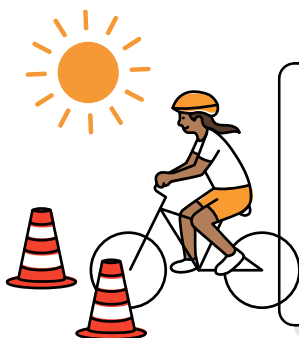

### **A perfect opportunity**

James Ross, PE Lead says

*"Celebrating Bikeability in assembly provides the perfect opportunity for us to enable pupils to share their successes whatever their ability, recognising them for 'having a go', for persevering, for showing resilience, for team working and for helping others. We know this helps us to create new role models across school, helping to inspire other pupils".*

Celebration Assembly Slides and Bikeability Display

### **In summary...**

James says

*"Without the celebration of Bikeability, we miss an opportunity for pupils to have a time to shine. Bikeability is ingrained in our school year, it has a great effect on other areas of learning both in and out of school"*
