

Supporting you to deliver more

Overcoming some of the main barriers

Instructor workforce capacity

- Manage instructor wellbeing - ensure they feel valued and supported
- Promote instructor recruitment - [use our recruitment resources](#)
- Offer your instructors opportunities to develop - support them with CPD
- Try working with other organisations - consider outsourcing work to qualified instructors

Children's cycling ability

- Hold assemblies prior to the training - identify any riders who might need additional support
- Run Learn to Ride sessions in the school holidays
- Our [Get Cycling in Schools](#) programme could offer support

Schools take up of Level 2

- Offer incentives to schools and pupils to take part
- Engage school leadership - talk to the people who can make decisions
- Consider waiving any charges if you have them
- Make sure you have the right equipment - enable all children to take part

Provision of well-maintained cycles

- Invest in fleet bikes - help ensure no child misses out
- Offer free Dr Bike maintenance sessions in schools
- Upskill your instructors - give them the skills to complete quick fixes

General pointers

- Strengthen your cancellation policy
- Combine funding pots where possible and relevant
- Work with local organisations and businesses
- Tailor your plans for your local needs

Talk to the grants team to find out how you can access inclusion funding. For more detail on the suggestions above, can [read our guidance on reaching more young riders](#).
